### Section 44-166. Emergency Electric Generators.

1. *Location of generator on Survey* (provide an as-built survey showing existing structures on property)
2. *Generally.* Electric generators may be installed and maintained in District R for the purpose of providing electric power during time periods when normal electric service is unavailable.
3. *Location.*
  - (a) Generators are not required to meeting the building set-back requirements applicable to accessory structures except as provided below.
  - (b) No generator shall be located in a front yard or in front of the front line of the residence.
4. *Operation.* No generator shall be operated except;
  - (a) when necessary to provide electric power during time periods when normal electric service is unavailable; or
  - (b) when necessary for maintenance or repair.
5. *Manufacturer's Recommendations.* All generators must be installed and operated in compliance with the applicable manufacturer's recommendations.
6. *Enclosures.* Any structure intended to enclose or screen a generator, other than a structure designed solely for sound attenuation, shall be considered an accessory structure and must comply with all requirements of this Division applicable to accessory structures.
7. *Sound attenuation.* All generators shall be installed, maintained, and operated in such manner as to reduce, to the greatest extent reasonably possible, the volume of sound produced by their operation."

Section 2. Section 18-141 of the Code of Ordinances of the City of Hunters Creek Village is amended to add the following clause at the end: (6) Electric generators when operated in compliance with the requirements of section 44-166.

8. *Slab details* (as required by manufacture specifications).
9. *Form Survey* (if required the survey will show the location of the generator meets the required setbacks as required by manufacture specifications).
