As the owner(s) of the above referenced property, I (we), the undersigned, are requesting permission to install and operate an irrigation system within certain utility easements or public rights of way located within, or abutting, our front, back or side yard. I (we) propose to use the irrigation system to irrigate the ground within the utility easement/public rights-of-way to maintain the health and appearance of vegetation growing there and thereby to benefit our own property.

In consideration of the City of Hunters Creek Village's (the "City") issuance of a permit for the installation and operation of the proposed irrigation system, I (we) agree and acknowledge that the irrigation system facilities that I (we) propose to locate within the utility easements/public rights of way shall be installed and operated in such manner as to avoid restricting, impeding or in any manner impairing the use of the utility easement/public rights or way by the City, Reliant Energy, Entex, the Memorial Villages Water Authority, Southwestern Bell, or any other public utility or governmental entity, and that it is my (our) obligation to remove or relocate the irrigation system facilities if requested to do so by a governmental entity or public utility. Additionally, I (we) hereby indemnify and hold harmless the City, and any other governmental entity or public utility with rights in, or responsibilities for, such easements/rights of way, from any and all damages or losses arising from or in the manner connected with the installation, presence, or operation of any irrigation system facilities I (we) install or operate therein.
